

# Let us entertain you

The S 506 has a WaveGuide-coupled 25mm/1in tweeter and two 165mm/6 1/2in midrange/woofers, which ensure strong clear vocals and instruments as well as powerful well defined bass.

The midrange/woofers are mounted in separate, fully isolated enclosures in order to minimise negative interference. The individual tuning of each of the cavities eases the load on the amplifier and result in a more tuneful, low distortion bass.

The very thick baffle provides a solid foundation for the best possible performance from the 2 carefully engineered midwoofers and further increases the stiffness of the already very strong enclosure.

The S 506 is fully equipped for optional bi-wiring and biamplication, allowing the enthusiast to "tweak" the sound performance to his or her needs. With removable front fabric grilles and exclusive high gloss finish, the S 506 will fit nicely into almost any interior.

## Specifications

	<b>S 506</b>
System	2-Way Bass Reflex
Woofer (mm / in)	2 x 165 / 6 1/2
Tweeter (mm / in)	25 / 1
Power (W, long / short term)	130 / 180
Sensitivity (dB/2,8V/1m)	89
Frequency Range (Hz)	45-20.000
Cross-over Frequency (Hz)	2500
Impedance (Ohm)	6
Weight (Kg / lb)	14,4 / 31.7
Dimension HxWxD (mm / in)	1000 x 195 x 301 / 39.4 x 7.7 x 11.9
Finishes	HG Black, Black Ash, Wenge, Dark Apple. Not all finishes are sold in all countries.
